## EDUCATION

### Bachelor of Science, Computer Science

Sep 2018 - Jun 2022

Oregon State University - Corvallis, OR

- GPA: 3.83 / 4.00
- Dean's List Recipient

## EXPERIENCE

### Software Engineering Intern

Jul 2021 - Sep 2021

Bright.md - Portland, OR

- Worked on front-end development to create modern and responsive interfaces using React
- Collaborated with engineers, designers, and product managers on a cross-functional product team
- Developed reusable UI components for the design system using Storybook
- Wrote integration tests and end-to-end tests using Jest and Cypress

## PROJECTS

### Game Collection | Kotlin, Android Studio

- Developed a mobile app for browsing games with data from the RAWG API
- Utilized the ViewModel architecture to properly handle UI-related data
- Implemented a local database to store favorited games using SQLite with the Room persistence library

### MUVI | JavaScript, React, Next.js, Chakra UI

- Developed a web app for discovering movies with data from the TMDB API
- Implemented features for searching, filtering by categories, and pagination
- Set up third party authentication to allow users to log in with their TMDB accounts and add movies to their favorites and watchlists

### Lainavi | JavaScript, Node.js, discord.js

- Developed a Discord bot for the purpose of simplifying tasks
- Implemented custom commands for moderation, alerts, and gaming
- Utilized the Riot Games API to access and display data about players' stats

## SKILLS

**Languages:** C, C++, Python, HTML, CSS, JavaScript, Kotlin, C#

**Frameworks:** React, Next.js, Express

**Technologies:** Git, Node.js, Docker, MongoDB, MySQL, Unity
